

BRUSTOR B-50

Compact and aesthetic

The new Brustor B-50 has a compact and fully enclosed cassette casing which excels not only aesthetically but also technically.

The Brustor B-50 is available upto 5m50 wide with a 3m maximum projection.

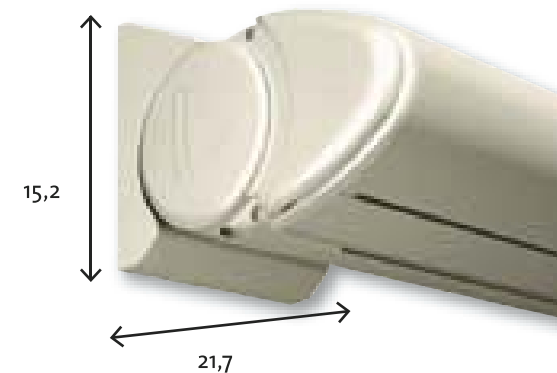

The awning can easily be mounted by simply hooking it into the face or ceiling fix brackets.

With an adjustable nut the inclination can easily be changed up to 45°.

Gear operation is standard or the awning can be supplied with an integrated tubular motor.

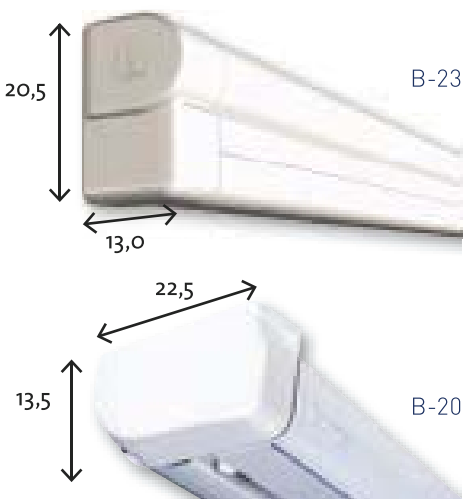

Ceiling fixation is available at no extra cost.

The B-23 is a budget friendly semi cassette awning with a slim, sleek design complementing most facades.
